Title: (U/~~FOUO~~) Engagement with Premise Data Corporation
Re: 367A-SF-3643936-Engagement, 07/24/2024

[redacted] mentioned Premise recently had a work force reduction and currently has approximately 250 employees globally. Premise has offices in the United States, Colombia, Panama and will be opening an office in Bolivia soon. As of approximately two weeks ago, Premise headquarters were moved from San Francisco to New York. Premise has several cybersecurity certifications in compliance with requirements by various of their clients in and outside the United States. b6 b7C

SA [redacted] inquired regarding the vetting process for Premise customers using the Premise application. Particular concerns were discussed regarding addressing [redacted] proposed a follow-up meeting with Premise's product team which could be in a better position to provide information regarding the Premise application. b6 b7C b7E

SA [redacted] provided information regarding FBI cybersecurity best practices, incident response/preparedness, BEC, efficient reporting practices via IC3.gov and the FBI private sector program of Infragard. b6 b7C

[redacted] agreed to follow-up and coordinate a meeting with Premise's product team in the coming weeks.
